

2021 COMMERCIAL REBATES

ENERGY EFFICIENCY BENEFITS

Installing new energy efficient equipment can lead to a reduction in energy consumption (kWh) and demand (kW).

Manual or automated scheduling of equipment can be used to better control facility demand (kW) charges.

KNOW YOUR USAGE WITH SMARTHUB

Commercial members can view facility consumption and demand through detailed graphs showing monthly, daily, hourly and 15 minute interval data through SmartHub. Utilize the Green Button feature to securely download your data to a CSV file.
